

TIMBERLINE

WOODCRAFT

*Where Custom Made Quality Begins*

# Furniture

*Timberline Woodcraft* custom makes any furniture to fit your home and lifestyle. Our skilled design teams can custom design a piece for you or we can build from your plans and specifications. *Timberline Woodcraft* has worked with many interior designers over the years bringing their designs and ideas to life.

Why not create that custom airloom that will be in your family for years to come. Whether you need a single piece or an entire room of furniture *Timberline Woodcraft* can serve your needs. We can also duplicate the design on an existing piece of furniture in your home. Lets us build that couch or table to match the hutch that has been in your family for years.

Timberline Woodcraft can also make one of a kind items. Shown below are some examples of children's furniture, children's doll furniture, a toy box for the family dog, and even a simple magazine rack.

## *Furniture*

*Timberline Woodcraft* carries a standard line of kitchen furniture. Our line of country farm tables and benches would be a great addition to any busy kitchen. We carry several different sizes, types and finishes.

The table can be made round, oval or rectangular. The wood species is available in maple or oak and the legs and apron can be fabricated to match the top or have an accenting painted color such as white, hunter green or black.

The benches can be made in any length increments from 3ft to 8 ft with maple or oak tops. The benches can be used with the tables or as a stand-alone piece in that busy mudroom or dressing area.

All the benches and tables are constructed of solid wood and stained and lacquered to match any décor. These pieces are sure to last for many years as they are passed down through the generations.

Our ultimate kitchen cutting board islands are also a great addition to any busy kitchen. These boards are excellent for cutting meats and vegetables. Our deluxe model even has a catch basin for all the meat juices.

The tables and benches can be shipped “knocked down” style for easy assembly at their final destination. Coming soon you can check out our on-line store to see all the options available for our farm tables and benches until then call our office at 908-995-2509.

## *Built-Ins*

*Timberline Woodcraft* specializes in high quality handcrafted built-ins to fit your home, décor and lifestyle without sacrificing the comfort and functionality you require. One of the best ways to enhance your living space is in the form of a custom built-in specifically designed for your home.

*Custom Cherry Built-in*

Custom built-ins such as closets, bookcases, and custom cabinetry can save space and give your home that unique look while dramatically increasing the value of your home. Every home has kitchen cabinets but to set your home apart from another would be to have quality built-in cabinets from *Timberline Woodcraft* that will enhance any room in your home.

*Timberline Woodcraft* can discuss with you the size and style of the room that will house the built-in, your preference of woodworking style, your budget, and the time frame for finishing your custom designed built-ins.

*Custom Oak Built-in*

## *Fireplace Surrounds*

*Timberline Woodcraft* is known for the enduring elegance of our fireplace surrounds. We can uniquely design a magnificent fireplace surround in select hardwoods to add detail to any existing fireplace. Fireplace surrounds add character and depth to your room while displaying your unique taste and style. Our designs offer unsurpassed beauty to your residential or commercial project.

*Hardwood painted fireplace surround  
with marble accent and limestone hearth*

All of our surrounds are hand built by skilled craftsman. We stand unsurpassed in quality of design. Our Fireplace surrounds are the focal point in any room and are designed to enhance any setting from Victorian to Traditional. Choose from one of our standard designs or have a custom unique surround designed just for your living space.

Rest assured that when you choose *Timberline Woodcraft* you can be confident that you have chosen the best. Let *Timberline Woodcraft* put the finishing touch on any new fireplace or simply upgrade your existing unit with a custom designed fireplace surround. Cover up that old cold brick fireplace with the warmth and elegance of a hardwood surround.

## *Millwork-Molding-Railings*

*Timberline Woodcraft* can supply and install high quality millwork, moulding and railings. We have access to hundreds of standard and custom moulding profiles to add beauty and elegance to any home.

Request our full moulding catalog to view moulding profiles and sizes.

Wainscoting, picture frame moulding, or new hardwood railings will increase the beauty of any home and add value for years to come.

*Accent moulding on ceiling*

*Crown Moulding*

Why not replace that old cast iron railing or builder grade railing with some high quality solid hardwood railings.

## *Installations*

We offer highly skilled and professional installation in the following categories:

- ❑ Hardwood or Laminate floors
- ❑ Built-ins and book shelves
- ❑ Hardwood stair railings
- ❑ Fireplace surrounds
- ❑ Stock, Semi-custom and custom kitchens
- ❑ Granite counter installations

Every installation by **Timberline Woodcraft** is made to the customer's specification. Our installations will last for generations if cared for properly.

*New White Washed Maple Kitchen with granite counters*

*New Honey Maple Kitchen with Granite counters*

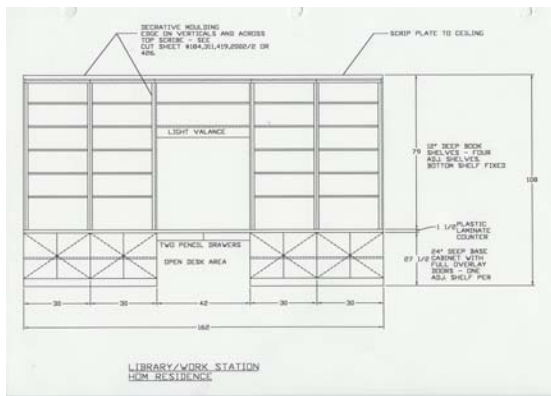

# Design

In order to create your perfect design, *Timberline Woodcraft* will ask the following questions:

- ❑ What purpose or function you require your design to fulfill?
- ❑ Does your design need to work with an existing environment or are you free to choose a particular look or style.
- ❑ Does the setting or situation affect your choices?
- ❑ What is your budget? This is important to know so that we can help you get the best possible value for your money.

Different woods in natural finishes always look well together, but we can stain your new pieces to match existing furniture if you wish. Remember that naturally finished wood darkens slightly over time, while stain colors may get lighter. We can supply wood samples to match to your existing furniture or cabinets.

We are here to help you. Our designers understand that your needs are unique and they accept the challenge to get it right for you. We are happy to speak on the phone, communicate by email or visit your home for a consultation.

*Finished and Installed Built-In*

## *Construction Division*

*Timberline Woodcraft* has the expert's necessary to add to your existing home. Why move when you can add space by adding a room, a screened in porch, or a deck, finish a basement or build an outbuilding. Whatever your needs *Timberline Woodcraft* has the people you need to make your space more livable.

*Before*

*After*

This rear addition allowed for the addition of a newly remodeled kitchen, a full bath and a family room area.

This finished basement allowed for the addition of a new game room, an exercise room and a TV viewing area.

*Timberline Woodcraft* is always happy to come to your home to give you a no cost evaluation of how to better use your existing space. Our proposals are all written in fine detail explaining by line item everything that will be included in your project. We also can supply plan view drawings to help you envision your new space during the proposal process. We are here to make your dreams a reality.

Our construction division can also build out buildings to add to your storage or living space. The carriage house below added 3,000 sqft of storage/living space, which also included a pool changing area on the back lower floor. Notice the custom barn type doors on the finished picture. Our skilled craftsman can supply and install any type of doors to your home whether replacing old doors or incorporating them into your new addition.

*Storage shed*

*Screened in Porch/Deck*

*Custom Deck*

## *Home Repairs*

Timberline Woodcraft has the experts necessary to make all those time consuming home repairs.

We can perform maintenance such as fixing or replacing a door, repairing sheetrock or fixing broken kitchen cabinets on the interior of your home. We can repair wind or storm damage on the outside of your home. Damaged roof shingles, broken siding or torn off aluminum trim are all in a days work for our repair experts. We can replace those old drafty windows and doors with new energy efficient units or replace old rotten trim around your doors and windows.

Our maintenance group can replace that rotten wooden handrail with a maintenance free vinyl railing. You'll never have to worry about painting again. Deck railings and flooring can also be change to one of the many maintenance free products on the market today. New vinyl or composite railings and composite flooring will make your deck look brand new again.

*This home had the old wooden railings and posts replaced with vinyl. The bay window was resurfaced to remove rotten and cracked lumber with new vinyl products. What once was a maintenance nightmare now needs only minor cleaning with soap and water.*

Timberline Woodcraft is able to quickly respond to the smallest of home repairs protecting your home from the nasty weather mother nature seems to supply or we can help you plan that medium to large upgrade to new doors and windows, a new roof or a deck/ porch replacement. Whatever your maintenance need we are here to assist you.

*This home had a new deck section installed to connect the existing sunroom to the pool deck. Trex decking and vinyl railings where used to make this addition maintenance free.*
